Objective

Motivated **Software Developer** with strong foundations in programming and problem-solving. Skilled in developing scalable applications using Python and Java, with hands-on experience in backend and app development. Possessing working knowledge of cloud platforms like AWS, aiming to build efficient, reliable, and user-focused software solutions.

Education

Government College of Engineering, Erode

B.Tech in Information Technology (Honors)

CGPA: 8.3

2026 (Expected)

Technical Skills

Languages: Java, Python, C

Core Concepts: Data Structures, OOP, DBMS, OS Basics

Networking: IP Addressing, VLANs, Routing, TCP/IP, DNS

Databases: MySQL, MongoDB

Cloud: AWS (EC2, S3, IAM, VPC, Amplify, Cognito)

Tools: Git, GitHub, Linux, Docker, VS Code, AWS CLI

Projects

Manage Spotify using Terraform

Oct 2025

Role: DevOps Engineer

- Automated infrastructure provisioning using Terraform with reusable modules.
- Implemented remote state management for scalability.
- **Technologies:** Terraform, Git, AWS, Spotify API

Quiz App using Cloud and DevOps

Aug 2025

Role: Cloud Developer

- Built and deployed a quiz application using AWS Amplify.
- Integrated CI/CD pipeline and authentication using Cognito.
- **Technologies:** AWS Amplify, Git, Cognito

Campus Network Infrastructure

Jul 2025

Role: Network Engineer

- Designed and configured VLAN-based campus network.
- Implemented routing, DHCP, and secure connectivity.
- **Technologies:** Cisco Packet Tracer

AI Chatbot Mobile Application

May 2025

Role: Developer

- Developed chatbot using Flutter with real-time API integration.
- Designed UI for smooth interaction and response handling.
- **Technologies:** Flutter, Dart, Gemini API

Jewelry E-commerce Website

Mar 2025

Role: Backend Developer

- Developed e-commerce platform with cart and payment features.
- Designed backend services for product and order management.
- **Technologies:** React.js, Node.js, MongoDB

Financial Literacy Platform

Aug 2024

Role: Developer

- Built platform providing personalized financial education.
- Designed backend using Flask for data processing.
- **Technologies:** Python, Flask

Internship Experience

Networking and Cloud Computing Intern

July 2025

Sharadha Academy

- Worked on networking concepts and AWS cloud services.
- Deployed and managed scalable cloud infrastructure.
- Applied monitoring and cloud security best practices.

Certifications

- AWS Certified Cloud Practitioner – GeeksforGeeks (Aug 2025)
- Networking Basics – Cisco (Aug 2025)
- AWS Cloud Practitioner Essentials – AWS (May 2025)
- Privacy and Security in Online Social Media – NPTEL
- Ethical Hacking – NPTEL

Soft Skills

- Leadership
- Teamwork
- Communication
- Problem-Solving
